

Thank you for purchasing the iGA5! Please follow these instructions to install the iGA5 software onto your computer:

REGISTRATION:

In order to receive technical support you **MUST** register your products. Your information will be kept on file and referenced before any support is administered. You may register on-line by going to: <http://www.atsnm.com/registration.htm>. Your information is kept confidential and will not be shared.

INSTALLING THE iGA5 SOFTWARE:

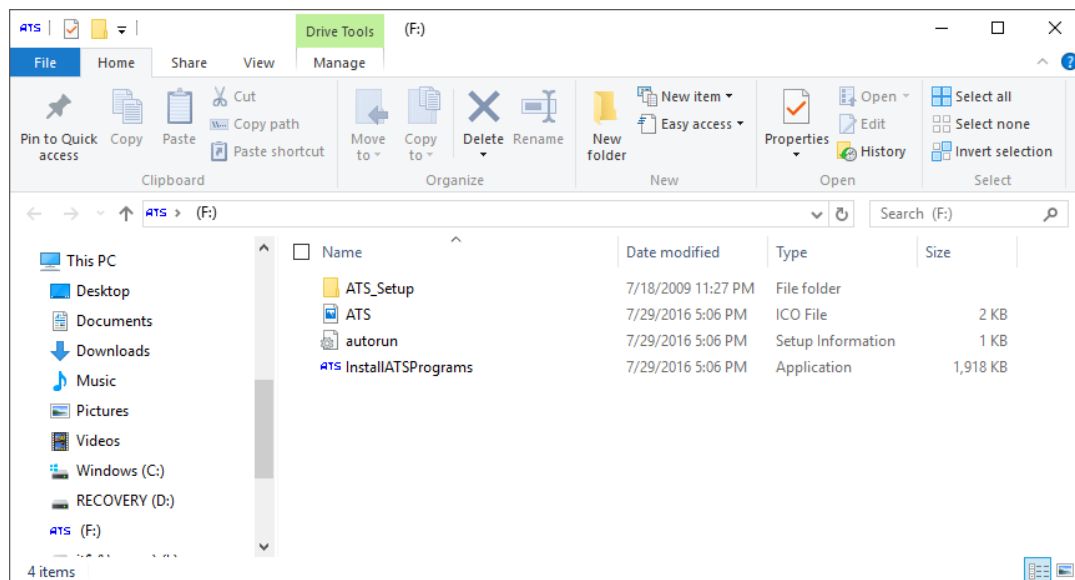

INSTALL iGA5 SOFTWARE:

1. Insert the Product Software USB.

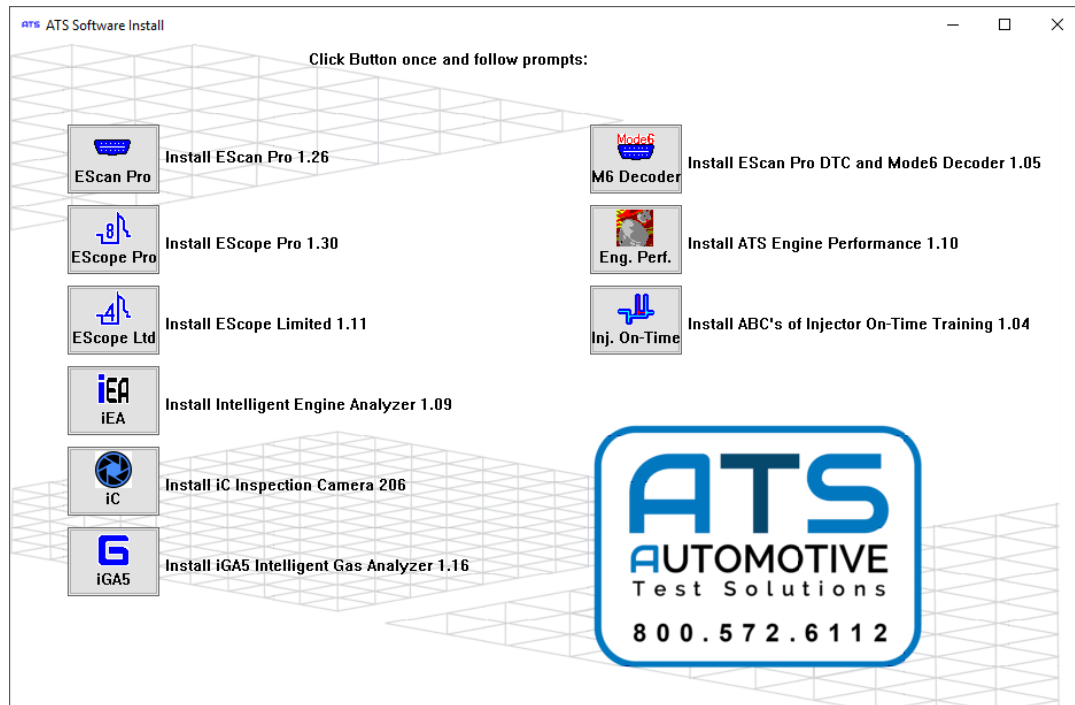

2. **Windows 10, 8, 7 or Vista:**

If the USB does not auto-run, click on **Open folder to view files** in the AutoPlay window and then double click on **InstallATSPprograms**. If the AutoPlay window does not come up - right click the **Start** button and select **File Explorer**. Navigate to the installation USB (usually drive "D") and double click **InstallATSPprograms**. Refer to the picture below.

3. Single click on the iGA5 icon.

4. Follow all the default settings. See manual for more details.

If you have an internet security program like "Norton Internet Security" it may warn you that the iGA5 program is trying to access the internet the first time you run it. If this happens tell the security program to **unblock** the iGA5 program. The iGA5 program needs to be unblocked so it can communicate with other ATS products for the MultiTool function.

SOFTWARE UPDATES:

Keep your iGA5 up to date!

Go to <http://www.atsnm.com/downloads.htm> for the latest updates.

AUTHORIZATION CODE:

The iGA5 program will require an authorization code in order to activate it.

When you open the Emission program it will display **Your Computer ID:**

Once you have this number; call 800-572-6112 or email the above information to us at support@atsnm.com.

You will be given an activation code:

Enter the activation code and press enter.

You are now ready to run the iGA5 Program.

I would like to personally thank you for choosing ATS. At ATS we stand behind our products and we are proud of the service we give to our customers. If you have any questions concerning the use of your iGA5, please call us at 800-572-6112.

Sincerely,

Bernie Thompson
President
Automotive Test Solutions, Inc.
